PROFESSIONAL PROFILE

With over 20 years of professional experience spanning executive administration, customer relationship management, lead generation, and cross-border operations, I help businesses run more efficiently by taking operational burdens off their plate. My mission is simple: to help businesses operate more efficiently by providing dependable administrative support, exceptional customer service, and organized operational management.

I spent 9 years working overseas in a multinational environment, managing contact center operations for the Indonesian market from a centralized hub in Malaysia. Since 2016, I have been a dedicated remote VA supporting clients across multiple industries, providing executive support, CRM administration, customer service, lead generation, and project coordination.

My clients value me for three things: proactive problem-solving, sharp attention to detail, and the ability to manage end-to-end operations without hand-holding. Whether it is managing C-level calendars, running HubSpot workflows, or generating qualified leads, I deliver results that save time and drive growth.

KEY RESULTS AT A GLANCE

- Managed executive calendars & communications for C-level professionals across global time zones
- Processed 800+ support tickets via Zendesk with consistent SLA compliance and high CSAT
- Generated 700+ qualified leads through targeted market research and prospect outreach
- Maintained HubSpot CRM databases ensuring 95%+ data accuracy for sales pipeline visibility
- Coordinated international contact center operations connecting Malaysian hub to Indonesian market
- Improved workflow efficiency through process documentation and cross-functional coordination

CORE EXPERTISE

PROFESSIONAL EXPERIENCE

■ Inside Sales Support – Russian Company

Remote | Indonesian Market | Russia-Based Client

- Served as the Indonesian market representative for a Russia-based company
- Responded to inbound leads generated from Facebook advertising campaigns, targeting the Indonesian audience
- Managed outbound and inbound sales calls using Zadarma VoIP telephony system
- Maintained customer data, tracked sales pipeline, and managed leads in Bit CRM
- Handled end-to-end customer communication bridging Russian company with Indonesian clients

■ Remote Virtual Assistant & Customer Support Specialist

Self-Employed | Global Clients | Since 2016

- Provided end-to-end executive support: calendar management, inbox triage, meeting coordination, travel arrangements, and document preparation for C-level clients
- Managed HubSpot CRM pipelines for lead tracking and customer communication, ensuring accurate data entry and timely follow-ups
- Delivered professional customer support via Zendesk ticketing system, handling inquiries, escalations, and SLA compliance across multiple client accounts
- Conducted market research and lead generation campaigns, building prospect lists and supporting business development initiatives
- Maintained operational records, organized digital filing systems, and prepared business documentation for executive review
- Managed social media scheduling and community engagement to maintain consistent online presence for clients

■ Executive Assistant & Operations Support

Various Organizations | International & Corporate | 2010 - 2016

- Provided direct support to senior executives and business leaders, managing complex schedules, communications, and administrative workflows
- Coordinated meetings, travel arrangements, and business documentation across multiple departments and international stakeholders
- Maintained organized filing systems, operational records, and document templates that streamlined team workflows
- Supported strategic business initiatives through administrative coordination, meeting preparation, and post-meeting follow-ups
- Improved executive productivity by proactively managing scheduling conflicts, prioritizing communications, and anticipating administrative needs

■ Customer Support & Contact Center Operations

Multinational Organization | Malaysia (Overseas Assignment)

- Managed inbound and outbound contact center operations for the Indonesian market from a centralized hub in Malaysia, coordinating across cultures and time zones
- Resolved customer inquiries and technical issues efficiently, maintaining high satisfaction scores through professional and empathetic communication
- Managed helpdesk tickets and service requests using formal ticketing systems, ensuring SLA compliance and service quality standards

- Supported SLA compliance initiatives by tracking response times, documenting processes, and identifying areas for service improvement

■ Sales & Customer Relationship Management

Corporate Environment | International | 2003 - 2010

- Managed customer accounts and business relationships, supporting account development and retention initiatives
- Assisted with sales planning, market analysis, and competitive intelligence gathering for strategic decision-making
- Tracked and managed sales leads through the CRM pipeline, ensuring timely follow-ups and consistent conversion effort
- Identified growth opportunities through research, reporting, and regular engagement with existing customer base
- Supported revenue generation and customer retention programs through targeted outreach and relationship management

SAMPLE REPORTS & DASHBOARDS

Below are examples of reports and dashboards I have created to provide clients with real-time visibility into their operations, leads pipeline, and campaign performance.

Performance Tracking Dashboard

Real-time visibility into leads, conversions, and campaign effectiveness

Sample dashboard created for a B2B client in the SaaS industry. Tracked lead sources, conversion rates by channel, pipeline value, and monthly progress against targets. Enabled client to make data-driven decisions on where to allocate marketing spend.

Content Performance Overview

Tracking views, engagement, and organic vs. paid reach

Content performance report created for a digital marketing client. Tracked post reach, engagement rates, follower growth, and ROI across organic and paid channels. Included actionable recommendations that improved engagement by 40% over 3 months.

WHY WORK WITH ME

20+ Years of Proven Experience

Not a beginner figuring things out. You get a seasoned professional who has seen it all and knows how to handle every situation. From corporate boardrooms to fast-growing startups.

International Business Exposure

9 years working overseas in multinational environments means I understand cultural nuances, global communication styles, and remote collaboration across time zones.

CRM & Technical Expertise

HubSpot, Zendesk, Google Workspace, MS Office - I master the tools you use. I can learn new platforms quickly and hit the ground running from day one.

Detail-Oriented & Proactive

You will never have to chase me for updates. I notice what others miss - from a misplaced comma in a report to a scheduling conflict in your calendar. I take initiative.

Reliable Long-Term Partner

I am not looking for quick gigs. I want to become a trusted, long-term extension of your team - someone you can depend on every day to keep operations running smoothly.

Results-Driven Approach

I focus on outcomes, not just tasks. Every calendar entry organized, every ticket resolved, every lead qualified - all tied to helping your business grow.

TESTIMONIALS

Here is what clients have said about working with me on Upwork, where I maintain a 5.0 out of 5.0 rating.

RATING 5.0 / 5.0 (Upwork)

"It was a pleasure working through this project with Lydia! Her quality of work has been excellent, and she was able to successfully complete the milestones that we set out for her. Her communication skills are also very strong, and she has been very responsive throughout the duration of this project. We would love to work with her again in the future!"

Upwork • Nov 2, 2018 – Nov 14, 2018

RATING 5.0 / 5.0 (Upwork)

"Lydia is a great communicator and responds promptly. Most important qualities."

Upwork

RATING 5.0 / 5.0 (Upwork)

"Great communication, fast turnaround, knowledgeable. Look forward to working on future projects."
